

Hotel Features

Glenpark Pet Hotel was designed and built to provide our guests “the next best place to home”. Considerable research and planning has allowed us to build an environment friendly facility that provides for maximum guest comfort, cleanliness and safety. With lots of natural light, excellent air circulation, drainage and noise/odor reduction systems our “Hotel” is not your typical “dog kennel”. Our soothing color schemes, soft evening night lights, night-time privacy curtains and quiet background music iare all designed to create relaxing, low-stress surroundings for our guests.

Our outdoor facilities have been over built to allow for maximum outdoor opportunity for every guest should that be their preference and desire. We have large and extra large individual runs on packed gravel surface constructed for safety, drainage and hygiene. These runs are all covered overhead under our 40’ x 140’ open-sided pole shed thereby providing protection from the elements year round while still allowing fresh air and the outdoor experience to flow through. These facilities serve very well to look after that “necessary business”.

When it’s time to play we move out to the playards for our daily “attention sessions”. All yards are between ½ and 1 acre in size - large enough to play ball, frisbee, walk & run on-or-off leash or just roll in the grass for belly rubs.

- Guestrooms (indoors) are private, spacious and comfortable
(S/M/L/XL for the various size pets)
- Luxury Suites are Extra-large, theme mural painted and furnished for comfort
- Standard or Premium amenities offered individually or as packages for the optimum in Guest Services personalization
- 34 large private individual covered outdoor runs for nature calls (note: weather & owner permitting your dog can spend up to 6 hours each day outdoors!)
- 10 playards where every guest will receive a daily 1-on-1 with caregiver “attention” (or walk or play) session tailored to the guests’ individual preferences
- Perimeter fencing and lighting surrounds complete facility for added security
- 24-hour on-site staff monitoring
- Lovely country setting, 160 acres just 15 min. from Airport
